

Obtáhni dráhu, jakou udělá káča, když ji pořádně roztočíš. Použij k tomu několik pastelek. Stejně obtáhni dráhu letadélka.

The worksheet is divided into two main sections by a solid green horizontal line. The top section is for tracing a path created by a spinning top (káča). It starts with a colorful spinning top on the left, followed by a solid orange line that loops once. This is followed by three rows of dotted orange lines, each containing seven loops for tracing. The bottom section is for tracing a path created by an airplane (letadélka). It starts with a colorful airplane on the left, followed by a solid blue line that loops once. This is followed by three rows of dotted blue lines, each containing seven loops for tracing.
